"Suncrowned Manhood"

Lecture by

Chancellor George H. Bradford

AT CHAUTAUQUA

One of the men chosen to introduce the first Chautauqua program into the continent of Australia was Chancellor Bradford. The management knew that he would make good, and he has. His first engagement after returning to America is with our Association.

Let's look a minute at this man Bradford—this great scholar—and man of the world—and see what he has done. After spending eighteen years as a University student and University Chancellor, he decided to enter the University of the Universe and attempt to translate Life instead of Latin. He says that he would rather know men than trees, and while it is a great thing to associate twenty-five adjectives with the noun in Greek, and twenty-five adverbs with the verb in Hebrew, it is a better thing to associate fifty men in the task of making the community better.

Winter before last he lectured in twenty-four states of the Union and last winter he spent in Australia. This summer he comes to your Chautauqua platform with a new message, entitled "Suncrowned Manhood." This lecture affords him ample scope for his big ideas and far reaching purposes. He presents his dynamic philosophy of life in a striking way.

He resembles William Jennings Bryan not only in appearance but also in eloquence. Hear him the first night of your Chautauqua.

This Town and the World

European Speaker of International Distinction Will Discuss Great World Problem At Chautauqua.

An unusual and important feature of this year's Chautauqua program will be a European speaker on some problem affecting America's relations with the Old World. This shows the length to which the Chautauqua Association will go to produce a program which will keep the Chautauqua communities in close touch with the biggest problems of the world.

As this is written Director Pearson is in Europe securing this speaker so that it is impossible to announce either his name or his subject at this time. This much may be said, however, that he will be a man of affairs who has had the experience in the trying problems of War and Reconstruction that will enable him to speak with authority on international affairs.

He will speak on the fourth night of your Chautauqua. A special announcement giving the name of the man and the title of his lecture will be made before your Chautauqua opens. Watch for this notice and plan to hear this notable lecture.

Scene From the "THE WOP"
Boys and Girls, ATTEN-SHUN. JUNIORS SA-LOOT.

Boys and girls, do you want to hear a secret? Here is one—a dandy one: There is going to be more real fun at Junior Chautauqua this year than you ever had before. More games, more stunts, more folk-dances, more everything! That's because there are two Junior Leaders this year instead of one. Won't that be great?

As usual, Junior Chautauqua will meet in the mornings under the big tent from nine to eleven o'clock. Besides the story hour and songs, you will have your Junior Town meetings. Be ready to elect your Mayor, Clerk and Commissioners the very first day of Chautauqua, so that you can get a good start. There will be new work for Junior Town this year; real work, true work, honest work—the kind of work that makes every one of you glad that you are real citizens of your country. For, like all good citizens, we work hard and play hard at Chautauqua.

Every Junior will also have a part in the Junior Play, "THE WOP," which is presented on the last day of Chautauqua. That is a funny name for a play. "THE WOP"—do you know what it means? Come to the Junior Chautauqua and you will find out!

Season tickets are ONE DOLLAR for all boys and girls six to four years of age.

"Reaching Down"

The Salvation Army is based upon kindness. It "reaches down" and helps to his feet the man who has fallen. It has built its house in the Street of Poverty and has cast its lot with the friendless, the homeless, the weak and the lowly.

The Salvation Army is known to the poor and the wretched of 61 countries. It speaks 37 languages. It is found on the battle-field and in time of peace it is found wherever men and women suffer. It is loved because it knows how to "reach down."

Will you "Reach Down" to help it carry on its work in America? Refuse---and you turn your back upon the unfortunate in your own country.

The Salvation Army Home Service Fund
May 19--26

MICKIE SAYS

IF THERE'S ONE OF THESE IN YOUR WINDOW, WHY JUST REMEMBER THAT YOUR SOLDIER BOYS GOT SOME SPARE TIME WHEN HE SITS 'ROUND AND WONDERS WHAT IS GOIN' ON BACK HOME. WHY DONTCHA SEND HIM THE OLD HOME PAPER? WE DONT CHARGE ANYTHING EXTRA 'T SEND IT TO FRANCE

CLEAN-UP and PAINT-UP!

This Piece of WOOD IS DYING of Neglect

and so are millions of American homes. Wood is the flesh and skin of your house; it requires food as much as you do. It demands PAINT, not only to show your pride in home and neighborhood, but to nourish, preserve and protect it. The big dome of the U. S. Capitol is painted every three years.
